INTERNATIONAL  
COMPETITIONS**DESIGN A BIOCLIMATIC SCHOOL IN GREECE**

The School Buildings Organisation of Greece (SBO) in association with the **International Union of Architects, through its international Work Programme Architecture and Renewable Energy Sources (UIA-ARES)**, launches a competition for the design of a European school complex in Voutes, Heraklion, on the island of Crete. This international project competition, open and anonymous, has been approved by the International Union of Architects.

**PROGRAMME**

This **innovative and bioclimatic complex, will serve the needs of the European Network and Information Agency - ENISA**, based in Greece since 2005. It should reflect the multi-cultural character of the complex, ensure good quality teaching, use renewable and efficient energy sources, be a state of the art complex.

**PARTICIPATION**

The **competition is open to licensed architects worldwide** and multidisciplinary teams led by an architect. The competition language is English. The registration fee is 100 euros.

**JURY**

The international jury is composed as follows: **Elissavet Aplakidou**, architect, Greece, representing SBO, **Ben Nakamura**, architect, Japan, representing UIA; **Nikos Fintikakis**, representing the Technical Chamber of Greece (TCG); **Olga Pappa**, architect, Greece, representing the Greek Association of Architects; **Eleni Mantziou**, representing the Greek National Technical University of Athens; **Angela Brady**, architect, RIBA President; **Alastair Blyth** representing OECD; **Peter Droege**, architect, (Australia) and **Françoise Hélène Jourda**, architect, (France).

**PRIZES**

The **prize pool of 70 000 euros** will be shared between the 1st prize (30 000 euros); the 2nd prize (20 000 euros); the 3rd prize (10 000 euros) and two mentions of 5 000 each.
